OUR BUSINESS

Established in 2014, Tatweer Misr is an Egyptian shareholding real estate company, that capitalizes on a wealth of industrial and real estate experience brought by its shareholders.

Major shareholders such as Arafa, Daoud and Ahram Groups provide the business and technical expertise needed to fulfill the vision of mixed use residential developments based on elegant and luxurious modern architecture and landscaping.

The combined expertise of Tatweer Misr's management team allows the company to maintain excellence at all levels of their developments. From construction, design and architecture, to landscaping and lifestyle services and amenities, Tatweer Misr covers all the facets of the real estate industry, offering a fresh outlook on their projects.

Tatweer Misr was launched with their flagship project IL Monte Galala, a singular concept defined in an innovative and complex residential and tourism resort located in Ain Sokhna.

Delivery of project is expected to start in 2019. The unique vision of Tatweer Misr in the development of real estate projects focuses on building upon and assimilating the stunning natural environments of the areas in which they are located. IL Monte Galala will usher in a new era of artistic vision in resorts while retaining the offering of an all exclusive development that focuses on a mix of residential, retail, commercial and hospitality. In the short term IL Monte Galala-Sokhna will be complimented by Fouka Bay, Tatweer Misr's second development, located in Ras Al Hekmah area of the North Coast, which is set to be launched in 2016. Tatweer Misr is studying a number of other prime locations for future opportunities.

FOREWORD FROM THE MANAGING DIRECTOR

Real estate will shape the development of Egypt in the years to come.

As we stand on the threshold of new opportunities, we must commit not only to continue to drive and support industry growth but also meet and exceed expectations to fill market gaps with integrity, innovation and commitment to excellence. Over the coming decade, real estate will be one of the principal drivers of growth in Egypt. Ensuring that the sector keeps up with urbanization and demographic bulges, will be key to future success. Innovation and excellence will be crucial to addressing and overcoming the challenges at present. At Tatweer Misr, we understand the many nuances that underline the industry, offering pioneering solutions that go beyond the everyday to capture the future that home owners aspire to.

As a company, we are dedicated to providing value through innovative mixed-use projects, tailor-made with modern sophistication whilst committing to internationally acclaimed standards

of quality, upon which we have built our integrity. Our philosophy is that we do not merely build beautiful places, but we craft life's most treasured experiences for our discerning clients. As we grow and look to the future, we hope to establish ourselves as a benchmark for innovation, acting as a catalyst for change, with a stronger ability to adapt and grow as our consumer's needs do, making us the market leader in Egypt.

Managing Director
Dr. AHMED SHALABY

OUR CULTURE AND VALUES

Built on integrity, commitment to quality and professionalism, these guiding principles are at the core of everything we do.

From conceptual design to finished product, our values allow us to perform to the highest standards every time as we strive to deliver quality that exceed our client's expectations. Our adherence to the highest ethical standards ensures that every single unit we deliver meets not only local but international standards of quality and professionalism.

At Tatweer Misr, we are committed to the development of Egypt and the local communities where we work, which is why corporate governance is a key element of our business. Our promise is to work hand in hand with each of the local communities in which we are developing, to launch CSR programs that utilize our key industry skills, whilst supporting the growth of these areas. Yet our commitment to Egypt goes beyond this, we are dedicated to preserving the natural beauty of all the areas in which we work, maintaining and upholding the highest international standards of environmental preservation.

Our Driving Values

- Professionalism – We are committed to abiding by highest ethical standards of behavior and performance. We hold ourselves and each other accountable for our actions.
- Teamwork – We are committed to effective partnerships with our employees, clients, partners and suppliers.
- Respect – We believe that everyone should be treated with consideration and dignity. Treat others as you want to be treated.
- Integrity – We are committed to acting in an open, transparent, ethical, and honest manner at all times with all our partners.
- Quality – We are committed to offering the best service by consistently delivering products of the highest standards and exceeding our clients' expectations.

OUR BOARD

At Tatweer Misr we understand that a company's strongest asset is its employees. That is why our people are the foundation of the excellence we aspire to. We pride ourselves in a selection process which ensures that the most promising people work together focusing on the core of excellence we demand every step of the way on the road to success.

We achieve this by setting a clear strategy for Tatweer Misr and through effective governance focused on target setting, risk management, and performance optimization to provide accountability and control. This requires an effective Board with the right composition, structure, processes and a clear understanding of its role. The Tatweer Misr Board and Executive Team meet these requirements.

Reflecting this philosophy, our Board Members and stakeholders are all business leaders in their own right, with unrivalled expertise in their respective fields, providing the in-depth expertise required to successfully manage a prosperous portfolio of real estate developments. Representing some of the biggest businessmen in Egypt, our Board brings together the best minds in the fields of financial management and investment, real estate, construction, hospitality and architecture.

Perhaps the most important role of our Board is to set the strategic direction of Tatweer Misr, re-evaluate it each year, and make necessary changes. With this mandate in mind, we are careful in the appointment of our Executive Team members. We closely communicate with the Executive Team, making sure our strategy is properly implemented

and our ethical standards are applied. We assert independent judgment and work to build a strong relationship with the Executive Team based on mutual respect and trust.

Board of Directors

Mr. Mohamed Daoud

(Chairman of the Board - Non-Executive)

Mr. Mohamed Daoud is the Chairman of the Board of Tatweer Misr. In addition to his post at Tatweer Misr, Mr. Daoud has spent more than a decade working as the Chairman of one of Egypt's largest industrial and mechanical engineering conglomerates; Daoud Group. Mr. Daoud brings over 30 years of engineering, construction and business management experience to the company, providing the unique insights needed to effectively build and develop successful real estate projects. Ayoub worked as the Director of Development Management and Engineering Management for Al Fawares Holding Egypt, where he managed a diversified portfolio of residential compounds, shopping malls, office complexes and hotels. Eng. Ayoub holds a Bachelor of Science in Architectural Engineering from Cairo University.

OUR PROJECTS

At Tatweer Misr we are defined by our dedication to the preservation and enhancement of Egypt's natural beauty, a core belief that is translated on the drawing board of every concept we develop. It is this commitment to underlining and drawing attention to the stunning natural treasures of Egypt which has allowed us to provide developments uniquely complement the picturesque environments in which they are located. Founded on this concept, we have worked with internationally acclaimed Italian architects 5+1AA to achieve this vision in reality.

IL Monte Galala

Nestled amongst the picturesque scenery of Ain Sokhna, within the Galala mountain plateau against a backdrop of stunning mountains and coastal topography, IL Monte Galala sprawls across 2.2 million square meters of mountain terrain set to fully claim the incredible vista of the Red Sea for miles. Offering the perfect mix of residential, retail and hospitality services, the mixed use development caters to your every need. The resort will offer 3 unique leisure areas, providing a diverse range of services and activities, including water and sporting activities, a range of retail and restaurants, cinemas, ecotourism, adrenaline sports, a mountain park, connected lagoons and a wellness retreat.

Fouka Bay

Located in one of the most up and coming new areas along the North Coast, Fouka Bay project will be conveniently accessed through the new Cairo – Al Dabaa road, making the trip almost 2 hours. Offering a unique fusion of luxury and modern day living the development will be set over 5 levels, ensuring all units offer stunning panoramic views of the breathtaking scenery. Key features of the project will include swimming pools, lagoons with water features, a range of retail options and restaurants in addition to a private beach and beach club.
